

## In January 2020, you'll receive a letter inviting you to choose a preschool class.

This letter will contain a link to our on-line service (e-tjänsten) on the Östersund municipal website. The on-line service opens on 13 January and will continue to be accessible until 26 January.

### You will need an electronic ID (e-legitimation)

In order to verify your identity, you will need an electronic ID (e-legitimation) or a mobile bank-ID. Your bank or the Tax Authority can help you with this.

You can find additional information at [www.e-legitimation.se](http://www.e-legitimation.se)

Please note that you are required to give an e-mail address when using e-tjänsten. One of the custodial parents makes the choice, and the second one confirms it using e-tjänsten.

The placement decision will be sent by mail or e-mail at the end of February.

The school your child will attend will invite you to an information meeting at the school during the spring of 2020.

### Will my child get the school that I/we have chosen?

Whenever possible, we place students in the school the parents or guardian has chosen. If the number of applicants to a municipal school is greater than the number of seats at that school, a selection will be made according to the principle of relative proximity. You can obtain more information about the principles used admission to the Östersund municipal schools, as well as how the concept of relative proximity is interpreted, by visiting our website, [www.ostersund.se/skolval](http://www.ostersund.se/skolval)

Each of the independent schools in our municipality has its own admission principles. Please contact the relevant independent school for additional information.
