

# The time has come!

## Information about selecting a school for preschool class in the school year 2021–2022

As the guardian of a child who turns six in 2021, and who is a registered resident of Östersunds Municipality, you must select a school (municipal or independent) for your child. In January 2021, you will receive an invitation in your inbox or in the mail to list your preschool class preferences. **You submit your preferences between 18 and 31 January** via an e-service at [www.ostersund.se/skolval](http://www.ostersund.se/skolval). The invitation includes a link to the e-service.

To make your selection, you need an e-ID or mobile bank ID to verify your identity. Your bank or the Swedish Tax Agency can help you get one. More information available at [www.e-legitimation.se](http://www.e-legitimation.se)

## Information about schools

The relevant guardians will usually receive an invitation to an information meeting at the schools they can choose from. However, due to the coronavirus pandemic, such meetings will not be possible this year. If you want more information about the municipal schools, you can go to [www.ostersund.se/skolval](http://www.ostersund.se/skolval). For information about the independent schools, go to their respective websites. You can also contact each school using the contact details on the back of this page. If the pandemic allows it, the school where your child is placed will invite you to an information meeting in the spring.

## How does the selection process work?

One of the guardians make the selection in the e-service. The other guardian then confirms the selection in the e-service. A placement decision is sent at the end of February, either via e-mail or post.

## Will I get the school of my/our choice?

The municipality will place the pupil as far as possible in accordance with the wishes of the guardians. If the number of applicants to a municipal school exceeds the number of places, places will be allocated according to relative vicinity. More information about the admittance procedure at Östersunds municipal schools and the concept of relative vicinity is available at [www.ostersund.se/skolval](http://www.ostersund.se/skolval). Independent schools in the municipality has their own rules for admittance, even if they can be selected through the municipal e-service. Contact each independent school for more information.

## If you need help

If you do not have access to a computer or if you want in-person support to select a preschool class, we can help you. Schedule an appointment through the Customer Centre, either by sending an email to [kundcenter@ostersund.se](mailto:kundcenter@ostersund.se) or by calling 063-14 30 00. You can also visit the Customer Centre at Österäng, Förlandsgränd 1C. Please bring your ID.

# Available schools

Contact information to the schools you can choose from.

## Municipal schools

### Arnljotskolan (F-3)
